B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* that starts in section C1 are the drugs covered by CalOptima Health OneCare Flex Plus. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

- CalOptima Health OneCare Flex Plus will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - CalOptima Health OneCare Flex Plus agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a CalOptima Health OneCare Flex Plus network pharmacy.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at www.caloptima.org/OneCare or call Customer Service at **1-877-412-2734 (TTY 711)** 24 hours a day, 7 days a week.

B2. Does the *Drug List* ever change?

Yes, and CalOptima Health OneCare Flex Plus must follow Medicare and Medi-Cal rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from CalOptima Health OneCare Flex Plus before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, or
- we learn that a drug is not safe, or
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check CalOptima Health OneCare Flex Plus's up-to-date *Drug List* online at www.caloptima.org/OneCare. Updates to the *Drug List* are posted on the website monthly.
- You can also call Customer Service at **1-877-412-2734 (TTY 711)** 24 hours a day, 7 days a week to check the current *Drug List*.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we are adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change.
- You can work with your doctor or other prescriber to find another drug for your condition. Please contact your doctor or other prescriber if you need help finding another drug.
- You can also call CalOptima Health OneCare Flex Plus Customer Service for help at **1-877-412-2734 (TTY 711)** 24 hours a day, 7 days a week.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug and replace a brand name drug currently on the *Drug List*, or

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

- we add a new biosimilar to replace an original biological product currently on the *Drug List*, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* or
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead or
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from CalOptima Health OneCare Flex Plus before you fill your prescription. Prior authorization is different from a referral. CalOptima Health OneCare Flex Plus may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes CalOptima Health OneCare Flex Plus limits the amount of a drug you can get.
- **Step therapy:** Sometimes CalOptima Health OneCare Flex Plus requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C1. You can also get more information by visiting our website at www.caloptima.org/OneCare. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734** (TTY **711**), 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs by medical condition has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if CalOptima Health OneCare Flex Plus changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it starting on page I-1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled “List of Drugs by Medical Condition” on page 21. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit **www.caloptima.org/OneCare**.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Customer Service at **1-877-412-2734 (TTY 711)** 24 hours a day, 7 days a week and ask about it. If you learn that CalOptima Health OneCare Flex Plus will not cover the drug, you can do one of these things:

- Ask Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask CalOptima Health OneCare Flex Plus to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new CalOptima Health OneCare Flex Plus member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of CalOptima Health OneCare Flex Plus. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by CalOptima Health OneCare Flex Plus, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that CalOptima Health OneCare Flex Plus does not consider to be a Part D drug, and the drug is not on the Drug List, and you have a problem getting the drug, it may be covered through Medi-Cal Rx. If a Part D excluded drug requires an exception, and you have an emergency, Medi-Cal Rx will allow no less than 72-hour supply of the drug. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal BIC when getting prescriptions through Medi-Cal Rx.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new CalOptima Health OneCare Flex Plus member.
- This is in addition to the temporary supply during the first 90 days you are a member of CalOptima Health OneCare Flex Plus.

If you are a current member moving from one treatment setting to another, this is called a Level of Care Change. Examples include:

- Entering a long-term care facility from an acute-care hospital
- Discharge from hospital to home
- Ending a Part A skilled nursing stay with reversion to Part D coverage
- Giving up hospice status to revert to standard Part A and Part B benefits
- Ending a long-term care facility stay and returning to the community
- Discharge from a psychiatric hospital

If you have a Level of Care Change, for each of your drugs that is not on our Drug List, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs. In these instances, you have two options:

- Ask Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take, **or**
- You can ask CalOptima Health OneCare Flex Plus to make an exception to cover your drug. Please see question B10 for more information about exceptions.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask CalOptima Health OneCare Flex Plus to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, CalOptima Health OneCare Flex Plus may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

B11. How can I ask for an exception?

To ask for an exception, call *Customer Service*. Customer Service will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9** section G2 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. For more information about providing a supporting statement, call CalOptima Health OneCare Flex Plus Customer Service at **1-877-412-2734 (TTY 711)**.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

CalOptima Health OneCare Flex Plus covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit **www.caloptima.org/OneCare**.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. CalOptima Health OneCare Flex Plus covers some OTC drugs when they are written as prescriptions by your provider.

You can read the CalOptima Health OneCare Flex Plus **Chapter 4** of the *Member Handbook* to find out what OTC drugs are covered.

B16. Does CalOptima Health OneCare Flex Plus cover non-drug OTC products?

CalOptima Health OneCare Flex Plus covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include supplies associated with injection of insulin.

You can read the CalOptima Health OneCare Flex Plus *Drug List* to find out what non-drug OTC products are covered.

B17. Does CalOptima Health OneCare Flex Plus cover long-term supplies of prescriptions?

- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs. A 100-day supply has the same copay as a one-month supply.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What is my copay?

CalOptima Health OneCare Flex Plus members have different copays for prescription and OTC drugs and non-drug products if the member follows the plan’s rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 drugs are generic drugs. The co-pay will be up to \$4.90.
- Tier 2 drugs are brand-name drugs. The co-pay will be up to \$12.15.

If you have questions, call Customer Service at **1-877-412-2734 (TTY 711)** 24 hours a day, 7 days a week.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by CalOptima Health OneCare Flex Plus. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section I-1. The index alphabetically lists all drugs covered by CalOptima Health OneCare Flex Plus.

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

Appeals Under Part D

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Customer Service at **1-877-412-2734** (TTY **711**). 24 hours a day, 7 days a week.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.
- Drugs that are not a Part D drug have different rules for appeals.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734** (TTY **711**), 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

Code	Meaning
PA	You (or your physician) are required to get prior authorization from CalOptima Health OneCare Flex Plus before you fill your prescription for this drug. Without prior approval, CalOptima Health OneCare Flex Plus may not cover this drug.
PA BvD	This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from CalOptima Health OneCare Flex Plus to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, CalOptima Health OneCare Flex Plus may not cover this drug.
PA NSO	If you are a new member or if you have not taken this drug before, you (or your physician) are required to get prior authorization from CalOptima Health OneCare Flex Plus before you fill your prescription for this drug. Without prior approval, CalOptima Health OneCare Flex Plus may not cover this drug.
QL	CalOptima Health OneCare Flex Plus limits the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Before CalOptima Health OneCare Flex Plus will provide coverage for this drug, you must first try another drug(s) to treat your medical condition. This drug may only be covered if the other drug(s) does not work for you.
LA	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Customer Service at 1-877-412-2734 and (TTY 711), 24 hours a day, 7 days a week.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734** (TTY **711**), 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.caloptima.org/OneCare.

Code	Meaning
EX	This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is the amount you pay does not help you qualify for catastrophic coverage) In addition, if you are receiving extra help to pay for your prescriptions you will not get any extra help to pay for this drug.
CB	A capped benefit limitation applies.
GC	We provide coverage of this prescription drug in the coverage gap. Please refer to your Member Handbook for more information about this coverage.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *amoxicillin*), brand name drugs are capitalized (for example, ELIQUIS), and OTC drugs and non-drug products are listed in lower case (for example, insulin pen needle). The information in the “Necessary actions, restrictions, or limits on use” column tells you if CalOptima Health OneCare Flex Plus has any rules for covering your drug.

If you have questions, please call CalOptima Health OneCare Flex Plus at **1-877-412-2734 (TTY 711)**, 24 hours a day, 7 days a week. The call is free. **For more information**, visit **www.caloptima.org/OneCare**.
